BeaverHacks 2027

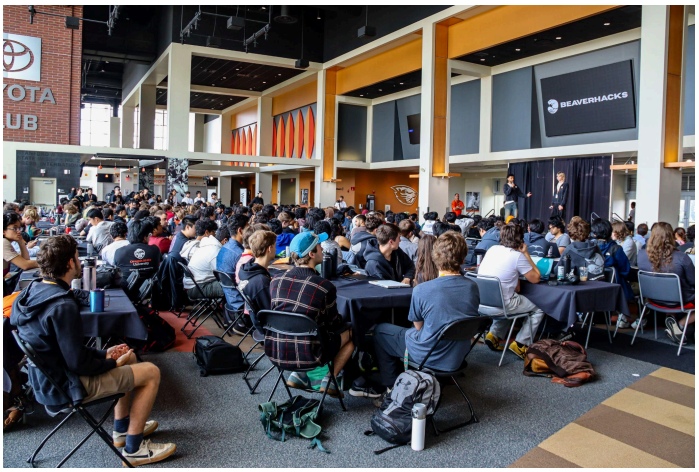

Sponsorship Prospectus

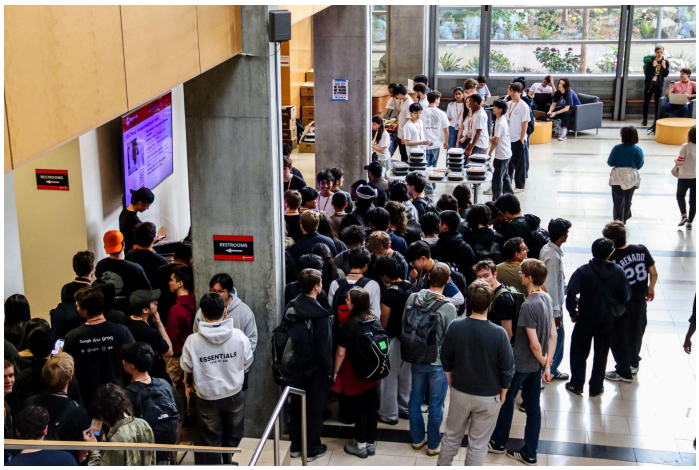

What is BeaverHacks?

BeaverHacks is Oregon State University's student-led hackathon organization and one of the fastest-growing technology communities in the Pacific Northwest. Since expanding into an active on-campus organization, BeaverHacks has brought together hundreds of students through hackathons, technical workshops, industry speakers, and community events.

Our Growth

In just two years, BeaverHacks has grown into Oregon’s largest hackathon and one of the Pacific Northwest’s largest student-led tech events.

	2025	**2026**	**Growth**
Registrations	350	500	+42.9%
Participants	280	481	+71.8%
Project Submissions	70	86	+22.9%

Industry Support

2025: NVIDIA • Google • Groq • Sui
2026: NVIDIA • Google • ConductorOne • Trimble • Mark III Systems

From 2025 to 2026, BeaverHacks grew from nearly 300 participants to 481 while project submissions increased by 23%. With continued growth in attendance and industry support, BeaverHacks is becoming one of the Pacific Northwest's largest student-led hackathons.

Why sponsor us?

BeaverHacks gives companies direct access to some of the most ambitious emerging technical talent in the Pacific Northwest. Our participants aren't simply attending another recruiting event. They're engineers, developers, founders, and builders spending an entire weekend turning ideas into real working products.

Unlike a traditional career fair, BeaverHacks gives your team the opportunity to see students in action. Through mentorship, technical challenges, workshops, judging, and direct interaction, your engineers and recruiters can see firsthand how students solve problems, collaborate under pressure, communicate ideas, and apply new technologies.

For companies looking to recruit in the Pacific Northwest, BeaverHacks offers the opportunity to identify high-potential talent early and build relationships with students before they enter the broader talent market.

What we’re looking for

Following a nearly $50,000 event that brought together 481 participants in 2026, BeaverHacks is targeting 700+ participants for our next event. To support this increase in attendance and continue expanding the participant experience, our fundraising goal is $75,000.

BeaverHacks 2027 is planned for April 2027. We are currently finalizing venue logistics, with exact dates to be announced. Our tentative date is the weekend of April 17th–18th 2027.

Sponsorship Tiers

Note: Don't need all of the benefits included in your tier? No problem. Sponsorship packages are flexible, and benefits can be tailored to your company's recruiting, developer relations, or community engagement goals.
